New York, NY | (248) 463-0799 | mksalmanpers@gmail.com | www.linkedin.com/in/MalikMal

EDUCATION

New York University, Tandon School of Engineering
MSE Urban Data Science, GPA: 3.9/4.0

New York, NY
May 2025

- Coursework: Applied Data Science, Disaster Risk Analysis, Causal Inference, Machine Learning for Cities, GIS

University of Michigan, College of LSA
BS Interdisciplinary Physics, GPA: 3.5/4.0

Ann Arbor, MI
May 2023

- Coursework: Modern Physics, Advanced Mechanics, Linear Algebra, Differential Equations, Urban Planning
- Exchange Program: National University of Singapore

PROJECTS

Rail Corridor Reactivation — Ridership & Community Impact Analysis (QueensLink)

New York, NY

Project Co-Lead

Sep 2024 – May 2025

- Led strategic planning engagement for a transit nonprofit evaluating reactivation of a dormant Queens rail corridor, reconciling divergent client and MTA demand projections and synthesizing findings into a stakeholder narrative for community and public-sector funding audiences.
- Developed scenario-based demand modeling and geospatial analysis across multiple route alternatives, translating outputs into route selection and investment prioritization recommendations for city planning and advocacy stakeholders; findings featured in [QueensLink's Ridership Report](#) and the [Queenslink Initial Business Case](#) (2026).

Cycling Behavior & Infrastructure Equity Analysis (NYU RUN Lab)

New York, NY

Methodological Lead

Sep 2024 – Jul 2025; Jun 2026 – Present

- Led development of an analytical pipeline evaluating how bike lane investments influenced Citi Bike ridership, transforming millions of mobility and geospatial records into investment and planning recommendations for urban policy stakeholders.
- Developed reproducible Python workflows for causal and geospatial analysis of NYC bike infrastructure, producing [co-authored manuscript](#) accepted at *npj Sustainable Mobility and Transport* on the unequal ridership impacts of protected bike lanes across neighborhoods.

U.S. Open Economic Spillover Analysis (NYU RUN Lab)

New York, NY

Project Lead

May 2024 – Nov 2024

- Led an evaluation of neighborhood economic spillovers associated with the US Open, designing the analytical framework and synthesizing large-scale visitation data into recommendations and stakeholder-facing insights for city agencies.
- Analyzed millions of commercial visitation records using spatial methods to assess local economic spillovers from the US Open, producing evidence-based findings that challenged assumptions about neighborhood impact in surrounding Queens communities.

PROFESSIONAL EXPERIENCE

Center for Urban Science and Progress, New York University

New York, NY

Assistant Research Scholar — Resilient Urban Networks Lab

May 2024 – Jul 2025

- Managed end-to-end analytical workflows across two concurrent large-scale research projects, coordinating deliverables across interdisciplinary project teams from data acquisition through publication and public presentation.
- Produced policy-ready briefings and reports for city agencies and nonprofit partners, translating geospatial and causal analysis findings into actionable planning and infrastructure investment recommendations.

Global Scholars Program, University of Michigan

Ann Arbor, MI

Assistant Instructor

Sep 2021 – Apr 2023

- Guided an 8-person student team through a pro bono consulting engagement with ALPHA Education, managing scope definition, client communication, and deliverable quality across the project lifecycle.

Taubman College of Architecture and Urban Planning, University of Michigan

Ann Arbor, MI

Research Assistant

Jan 2021 – Jun 2021

- Conducted and structured a literature review on NLP methods for analyzing linguistic change and neighborhood demographic transitions, while coordinating the research framework, data sources, and analytical workflow for subsequent project phases.

RELEVANT SKILLS

Technical: Python, ArcGIS, GeoPandas, Machine Learning, Causal Inference, Quantitative Modeling, Data Visualization

Planning: Stakeholder & Community Engagement, Public Facilitation, Report Writing, Strategic Communication, Policy Translation
